## **Job offer: Communications Officer**

THINKING BIG, THINKING SOCIAL  
BREATHING DIGITAL  
GOING THE EXTRA MILE  
PREFERRING FEET IN THE MUD OVER AN OFFICE CHAIR

### **PUTTING THE WORK OF OUR GROWING ORGANIZATION UNDER THE SPOTLIGHT**

#### This is you

- You are an outstanding communicator and an even better achiever
- When you set a goal, you can't be stopped
- You have a relevant HBO/University degree and bring along abundant experience and contacts
- You can read, write, speak, and think out of the box in English and French
- You master a wide range of communication practices and techniques

#### This is how you'll contribute

- Develop and implement effective communication strategies
- Manage internal and external communications, including newsletters and events
- Contribute to the design, content, and production of all communication materials
- Work with different departments to generate new ideas and strategies
- lead the marketing and public relations activities

#### This is us

- You will join an international team of people passionate about achieving social and financial inclusion for all with smartly developed digital solutions
- Our solutions revolve around six pillars that support people in reaching their full potential using new technologies; finance, health, education, governance, social and work/income (especially agri-related)
- AUXFIN has a strong network of people and organizations in several countries eagerly awaiting your work
- Working hard and having fun are synonyms to us

#### Think we match?

We are keen on receiving your letter and CV and engage with you.
